ADVANTAGES

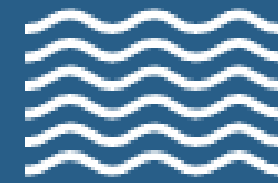

MADE TO FIT

Our screens are expertly measured and fitted by approved Corner Star technicians. The versatility of the unique system means we can custom design for your properties needs.

HIGH QUALITY MATERIALS

We don't compromise. Our materials are the highest grade available, ensuring you a lifetime of value. Our screens are resistant to corrosion and UV, making them a must for coastal properties

LET IN NATURAL AIRFLOW

Reduce your aircon bill and cool your home naturally with increased airflow.

Our screens also reduce solar heat by up to 50%.

KEEP OUT PESTS

Protect your home from mosquitoes, flies, baboons and snakes. Our screens have also been proven to reduce dust in your home. Great for those suffering from allergies.
