view. Not  
the bars

Made just  
for your  
home

## Corner Star Security doors & windows are near invisible and secure

The **superior materials and unique fastening system** using both chemical and mechanical bonds. The frame is made of pre-treated aluminium using a high strength cornering system.

We use **316 Marine grade stainless steel security mesh** and all our materials are resistant to UV and corrosion. This makes it perfect for coastal properties.
